## Welcome to your kitchen!

Your friends have always told you what a great cook you are, and there's nothing that brings you more joy than making them happy. You've planned to have a few of your buddies over for dinner... but so did your roommates.

Gather some food from the fridge, cook a tasty meal, and throw the dirty dishes in the sink. If only there weren't too many cooks in the kitchen.

Use a unique dual-action card system to strategically prep your meals or manage the kitchen. When the party's over, will you be the most popular roommate?

## On your turn...

Play two activity cards.

## Then...

Start cooking!

## Components
